

## TRANSIT BENEFIT PROGRAM

The Metropolitan Transit System (MTS) and North County Transit District (NCTD) thank you for fulfilling your civic responsibility and reporting for Jury Duty and offer you **One Free Bus, Trolley, or COASTER Day Pass** when you report for Jury Duty at the Central Courthouse, located in downtown San Diego.

If you are required to report for additional days of jury service at any court location, you may elect to receive transit passes by waiving the daily mileage reimbursement for a Day Pass each additional day you serve. The program is explained during your juror orientation.

## GOING GREEN & JURY DUTY

### *All part of your Civic Duty!*

The San Diego County Air Pollution Control District (APCD), Metropolitan Transit System (MTS) and North County Transit District (NCTD) thank you for fulfilling your civic responsibility and reporting for Jury Duty and offer you a **COMPLIMENTARY DAY PASS** for a future trip on MTS or NCTD services.

If you are required to report for additional days of jury service, you may elect to continue to receive the transit benefit by exchanging the daily mileage reimbursement for a Day Pass each additional day you serve. The program is explained during your juror orientation.

We encourage you to take public transit when reporting for Jury Duty in downtown. The best solution is to buy a Day Pass. Day Passes on Compass Cards are sold at any Trolley, SPRINTER or COASTER ticket machine. If you have a Compass Card you can load a Day Pass on it on most MTS Bus, *Rapid*, and *Rapid Express* and NCTD BREEZE routes. Or you can purchase your pass on your phone, anytime, anywhere using the Compass Cloud mobile ticketing app. To learn more, visit [www.511sd.com](http://www.511sd.com) or call 511 or (619) 233-3004.

Riding transit is one of the best ways to conserve natural resources, reduce air pollution and lower your carbon footprint. Here are other tips to “Go Green!”

- Keep tires inflated to the proper pressure, don't top off your gas tank and avoid excessive idling.
- When purchasing, consider a fuel-efficient or electric vehicle.
- Use a push or electric lawnmower.
- Avoid using aerosol sprays.
- Use water-based paints & solvents.
- Keep chemicals, solvents & cleaners tightly sealed.
- Set your heater to 68 & air conditioner to 78.
- Install solar energy.
- Smog Check program: call 1-800-28-SMOKE to report vehicles with excessive tailpipe emissions.
- Energy-efficient appliances increase your savings with SDG&E® rebates. Visit [SDGE.com/rebates](http://SDGE.com/rebates) for details.
